

Govern With

Effective Capable Contributing Governance

Executive Governance Review and Development Program

GovernWith: A Contemporary Governance Model

GovernWith has produced a more inclusive, contemporary Governance Model that encapsulates the capabilities required to govern in our modern times more successfully.

In having a universal, data and capability informed approach for all governing teams, organisations see enhanced relationships, respect, professionalism and understanding between their Subcommittees, Executive and Board through raised awareness and knowledge about the shared and prospective Corporate, Contemporary and Sector Specific Governance roles and responsibilities. There is a strong embodiment of the purpose, values and culture, and a harmonising of one language throughout the whole organisation and it's governing leaders.

Furthermore we have recently launched our Environmental, Social and Governance (ESG) Modules in both the Governance Review and Skills Matrix, which provides a rigour and context to each of the individual pillars that form ESG, and how they impact all organisations and their ongoing success and sustainability.

Why GovernWith?

With over a decade of dedicated development and a wealth of experience, we proudly stand as Australia's foremost exemplar of best practices in Governance and Skills Capability assessment, informed development, transition and succession planning.

Over the last five years, we have had over 700 organisations, comprising over 7,000 individuals - Directors and Executive, contribute to our governance review and development programs.

We excel in delivering actionable governance data insights that empower Boards, Executives and Subcommittees, to cultivate high-performance capabilities. Furthermore, we maintain constant vigilance on the evolving landscape of governance trends and issues, ensuring our GovernWith community are equipped to function effectively, successfully demonstrate the required capabilities, and make meaningful contributions to their respective organisations.

GovernWith is designed to be a part of your organisations governance toolbox empowering you to be able to lead your own internal review and development programs, year after year, meeting your annual governance roles and responsibilities. Providing consistent data, trended yearly reports and onboarding for team members, this is an internal review program, enabled by an external platform and governance expertise.

Features of Executive Plus

Executive Governance Review

Governance Insights & Recommendations for the whole Executive Team

Understand and identify your Executive Team's capacity and consistency of practice by identifying top strengths, opportunities for development and leadership potential.

A Whole-Team view of corporate, contemporary and sector specific governance responsibilities through an assured approach, provides data insights for guiding targeted decision making in where to take action next.

Action Plans initially focus on capabilities that are in alignment with the organisation's key strategic goals.

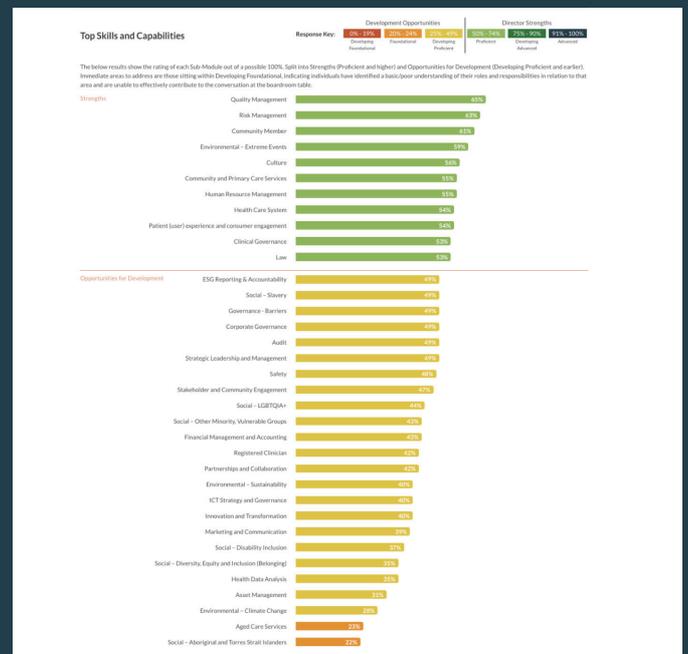

Executive Skills Matrix

Governance Insights & Recommendations for the Individual Executive

Understand your Executive's capabilities, leadership potential and opportunities for development.

Looking at each individual's Skills (Understanding), Experience and Qualifications, this 'triangulated' questionnaire process **removes the subjectivity** from Executive self assessment, providing data insights into the Executive's capabilities on a Foundational, Proficient or Advanced scale.

Tailored Development Plans means Executive's are gaining capabilities to meet the needs of the organisation.

Transition

Team Succession & Executive Recruitment

Ensure your Executive Team operate at a high functioning level on a continuous basis.

Succession, Recruitment & Induction are interactive tools within the platform that allow governance leaders to easily plan for transition.

Learn what capabilities and gaps your Executive Team are left with **after** the departure of an Executive (before it happens) in the click of a button.

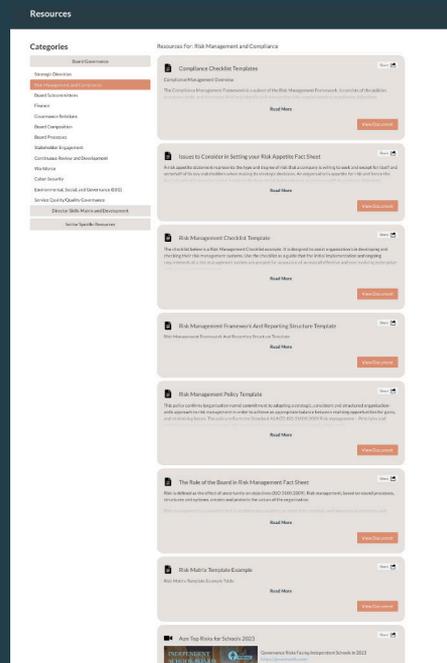

Use the Skills Matrix as part of your recruitment process in guiding the next Executives based on the skills and gaps they bring alongside the Executive Team.

Industry Governance

Sector Specific Assessments, Insights & Recommendations

For example: Community/AcuteHealth, Human Services, Aged Care, Education, Government & Community Organisations,

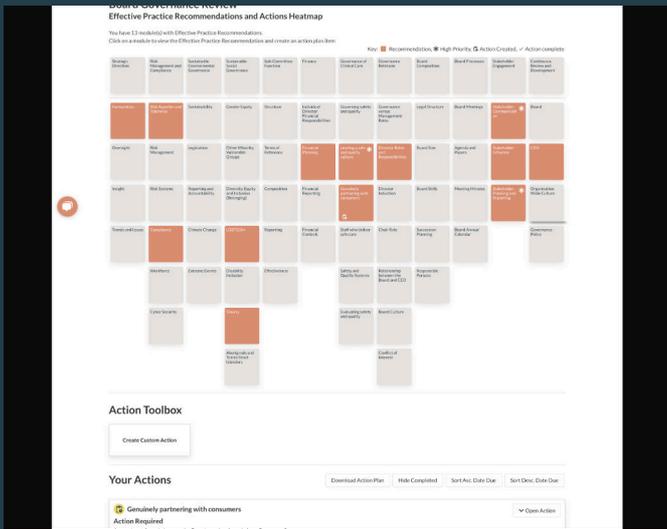

In addition to meeting GW Effective Practice Standard (*unique combination of Industry Standards, Government Regulations, Governance Principles (inc ASIC 2019, AICD & ACNC)*), GovernWith is the only provider to provide Sector Specific assessment criteria, Professional & Contemporary Governance.

Recommendations & Resources

Transforming complexity into simplicity.

The Recommendations and Resources dashboard provides the actionable insights into areas of disproportionate impact. Each submodule outlines the recommended actions required to make excellent governance decisions for Executive Team Development through comparison against GovernWith's Effective Practice and Benchmarks.

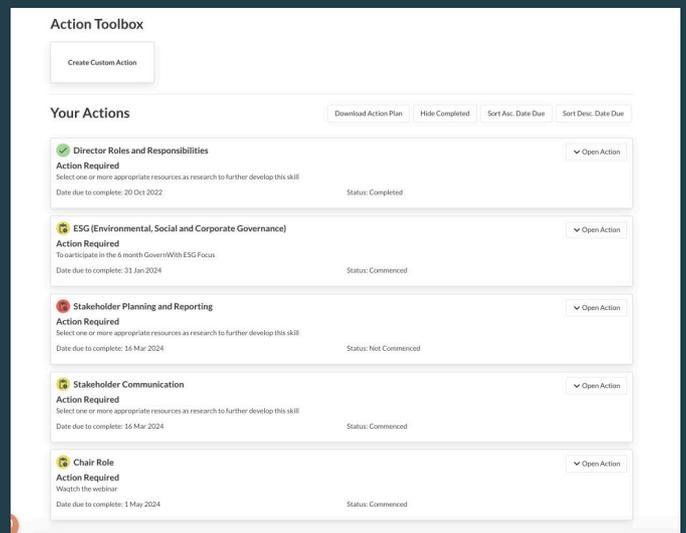

Action Plans

Actionable Governance

Executive Team Action Plans and Individual Executive Development Plans transform opportunities for development into effective roadmaps to governance capability development.

Action Plans are built into the GovernWith Plus Platform. Recommended actions, relevant resources and educational tools are built into each submodule. They can easily be updated, customised, linked support from the Resources Library, downloaded and printed.
